Description:

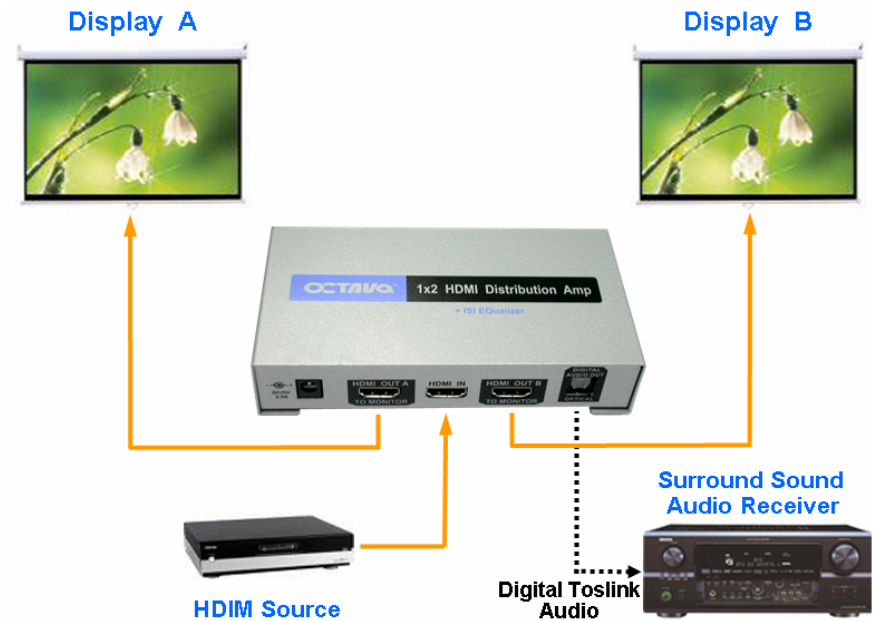

Display your HDMI source to 2 HDTV. This unique HDMI Distribution Amp enables you to “split” the HDMI video to 2 Outputs so you can enjoy the HD program on 2 HDTV sets. Perfect for multiple display systems.

A Toslink Digital Audio Output also allows you to route digital audio to a Surround Sound Audio System for the ultimate theater experience via an optical connection.

Our proprietary **Clear EYE™** transmission line and ISI reduction design will IMPROVE the digital video signals.

Features:

- Easy to display HD video and audio on 2 HDTV displays via HDMI
- Works with HDMI or DVI-D, HDCP-enabled HDTV.
- Supports high-resolution video 480p, 720i/p, 1080 i/p.
- **Clear EYE™** design optimizes HDMI signal transmission
- **Toslink** Digital Output for routing audio to Audio System

Application Diagram

Installation:

- 1) Connect the Monitor(s) to the HDMI OUT ports
- 2) Connect the HDMI source to the HDMI INPUT
- 3) Connect the Digital Audio Output Optical cable(optional)
- 4) Connect the DC power adapter
